

My Math Quick Guide

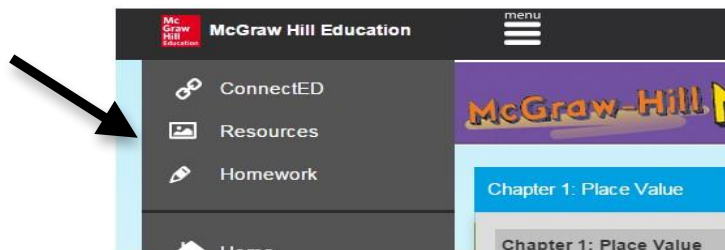

This will be our second year using the math curriculum called [My Math](#). This program was selected because it is designed to meet the math standards and embrace Mathematical Practices. Students will be exposed to multiple activities that will allow them develop mathematical skills which they can apply towards becoming college and career ready.

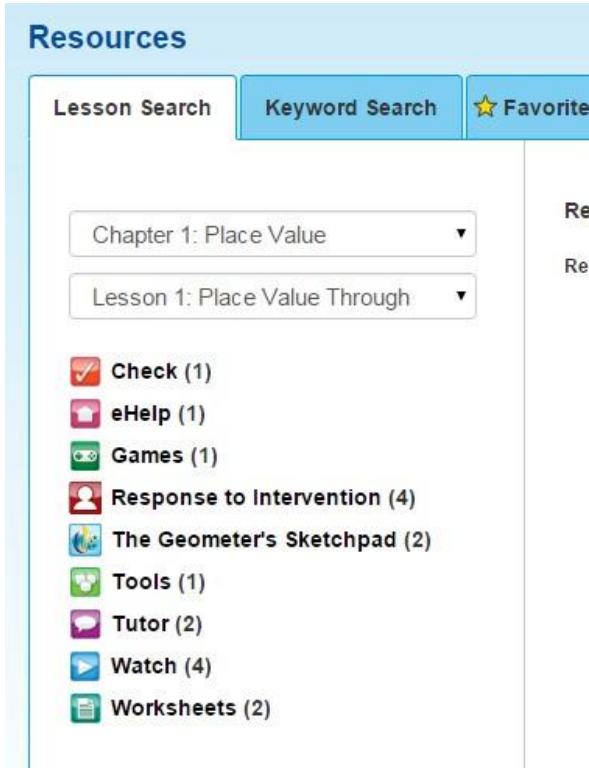

In addition to the in-class curriculum, [My Math](#) has a variety of on-line resources for students to access and provide support for every lesson. Below are a few resources that will be beneficial throughout the school year.

Chapter Overviews and e-Books: Once you have accessed your [My Math](#) account, students and parents can review the day's lesson through the on-line interactive eBook. Select the chapter and lesson then click on Open ebook.

Resources Tab: Click on the Menu icon in the top left hand corner to find the Resource Tab.

Under the *Resource* tab you will open a variety of support for students and parents to utilize as they work through each Chapter.

Re [eHelp and Tutor](#): provide additional practice and guided practice for skills and concepts.

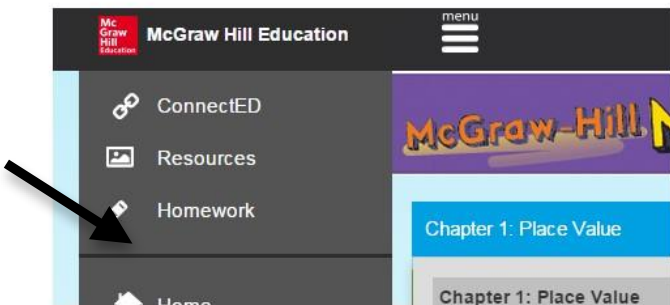

[Games](#): allow students to practice or review skills.

[Tools](#): an interactive whiteboard to practice skills.

[Watch](#): allows students to watch animated videos and songs that review concepts

[Response to intervention and](#)

[Worksheets](#): Provide additional practice for concepts.

Homework Tab: Under the homework tab students can find homework that has been assigned to them online
