

Constitutional Super Heroes

The three branches are the “super heroes” of our nation’s government. They each have powers, weaknesses and their own origin stories. Today you will create a super hero based on one of the three branches. The super hero you create will then battle against other super heroes from the other branches to determine which branch was the most powerful. It is important that you include all the relevant powers of your branch so you win!

Instructions

1. Write an inventive name for your hero that symbolizes something about your branch. You may focus on one part of the branch. Write this in bold comic book style across the top of your paper.
2. Use one of the provided templates or your own design to create your super hero.
 1. Design and color a uniform appropriate for your branch
 2. Include a symbol or logo on the uniform to represent the branch.
3. Using pictures, symbols and words show some of the powers of your branch around your super hero.
4. Using pictures, symbols and words show at least one weakness of your branch around your super hero.
5. Create a slogan/saying that your super hero would say (such as the Hulk saying “you wouldn’t like me when I’m angry”) that relates to your branch.
6. Include a team or sidekick who would support your branch (think about the members of the branch). This can be drawn or written on your page.
7. Fill in the background of your page by creating a lair for your superhero themed around the powers of the branch.

Branch Battles

1. To prepare for battle complete this chart using your book, your branch guides, or the Constitution.

2. Write a brief summary of the powers that your partner's hero has.

3. Write a brief explanation of how your heroes powers could overcome those of your partner's hero.

4. Write a short narrative imagining a battle between your two heroes. Make sure it is both entertaining and historically accurate.
